Ref : ER/22-23/03

Yuen Long Catholic Secondary School

2022-2023

14 December 2022

Dear Parents/Guardians,

Arrangements of S1 to S6 First Term Examination

The S1 to S6 First Term Examination will be held from 5 January 2023 to 18 January 2023. Attached is the Examination Timetable, Scope of Examination and Examination Instructions. The school recognizes the assessment for learning; parents should pay attention to the arrangements and supervise their children to prepare well for the examination to achieve a satisfactory result.

In case of adverse weather conditions and other reasons that the Education Bureau announces the closure of schools over the examination period, the examination on that day will be postponed to the day when school is resumed and the rest of the Examination Timetable will be adjusted accordingly until the end of all the examinations. The school will also announce the latest information about the examination for parents and students via the school website and the mobile application as soon as possible. For example, if the Education Bureau announces the closure of schools on Examination Day 3, i.e. 9 January, students should follow the timetable of "Examination Day 3" to attend the examination on 10 January when school resumes.

Please remind your children to strictly follow the examination regulations in order to avoid their results being affected and receiving a penalty because of any irregularities. Please sign this e-Notice through e-Class on or before 16 December (Friday). Should there be any queries, please contact the class teacher at 2443 1363.

Yours faithfully,

Ms Wong Kin Yee
Principal

---------- **REPLY SLIP** ----------

Dear Principal,

Arrangements of S1 to S6 First Term Examination

I am the parent/guardian of student _____( ) from Class _____. I hereby acknowledge receipt of the school notice concerning the arrangements of the first term examination. I will supervise my children to prepare well for the examination to get a satisfactory result.

Name of Parent/Guardian: _____

Signature of Parent/Guardian: _____

Date: _____

Examination Instructions to Students

The aims of the examination are to assess students' learning progress and ability, therefore, students should treasure each chance and attend the examination. In order to allow students to concentrate on revision, all extra-curricular activities are suspended during the examination period.

Students must read the following examination rules in order to avoid affecting the results and being disqualified from examination because of careless violation of school regulations.

(A) Urgent Arrangements of Adverse Weather

In case of adverse weather conditions prevailing over the examination period, students should pay close attention to the weather report and special announcements made through mass media before they come back to school, such as the special report of the issue of Tropical Cyclone Warning Signal No. 8 or higher, Red or Black Rainstorm Warning Signal and the announcement of schools' suspension by the Education Bureau. If the Education Bureau announces the closure of schools owing to tropical cyclones, torrential rain, flooding, etc., the examination on that day will be postponed to the day when the school resumes and the rest of the Examination Timetable will be adjusted accordingly until the end of all the examinations.

(B) General Examination Regulations

1. Candidates must follow the dates, time and the subjects of the examinations to come back to school for examinations on time. There are no make-up examinations.
2. When a student is absent due to sickness or personal affairs within the examination period, he/she has to follow the procedures below and submit the application to the school:

   (I) Application for Sick Leave：If a student is absent because of illness, please go to consult a doctor and then submit a parents' letter and medical certificate to the class teacher within three days after the student returns to school;

   (II) Application for Personal Leave：If the student has known personal affairs in advance, such as applying for a passport or attending a funeral, please submit a written application with sufficient reasons to the school at least three days before the leave；If the student needs to apply leave for urgent and sudden affairs, please submit a parents' letter to the class teacher within three days after the student returns to school. Every application of personal leave will be submitted to the principal for approval and it will be considered on a case-by-case basis.
3. Students who fail to submit the parents' letter and the medical certificate (the final deadline of submission of the medical certificate is the first three school days after the end of the examination period) cannot get the mark projection. A mark of zero would be given for the relevant examination on the report card.
4. Late comers are permitted to sit an examination but no extra time will be given. During the examination, students who are late have to go to the school office for registration and then proceed to the examination centre and sit according to the class number. Students have to keep quiet and not affect the examination. During the examination, if the student is late or has violated the examination regulation, punishment will be given.
5. Students are not allowed to leave the examination centre until the end of the examination.

(C) Instructions during the examinations

1. During the examination, students must follow all the regulations of the examination centre.
2. Students must wear proper and neat school uniform during the examination.
3. During the examination, candidates have to prepare the stationery they need and are not allowed to borrow from others. Candidates must place the stationery on the desk and put other personal belongings inside the school bag. The school bag has to be placed under the chair.
4. Students must maintain absolute silence once they have entered the examination rooms. They have to follow the instructions from the invigilators. Students must not disturb, speak or give signals to other candidates during an examination. Candidates must raise their hands first before they want to ask a question.
5. Before the start of the examination, candidates have to write their name, class and class number in the designated space on the question paper and answer sheet.
6. You must not turn over the pages of the question paper/reading passage/data file and must not start working/writing until you are instructed to do so.
7. After the distribution of the question paper, candidates have to read the instructions of the question paper carefully and can start answering the questions after the invigilator has announced the start of the examination.
8. During the examination, you may raise a hand to ask the invigilator for single-lined paper or graph paper if required.
9. Supplementary answer sheets will be provided on request. You have to write the candidate's name on the supplementary answer sheet. Before the end of the examination, you must fasten all supplementary answer sheets/graph paper/worksheet inside your answer book/question-answer book with a short string for submission.
10. Candidates should avoid writing any words or drawing any pictures, which are irrelevant to the examination on the answer sheet.
11. The words, graphs or tables written on the rough work sheets will NOT be marked.

(D) Disqualification from the examination and/or Penalty

The following misbehavior(s) will risk disqualification from the whole examination and/or penalty:

1. Obtaining the content of the examination in an improper way before taking the examination ;
2. Articles such as notes, books, all kinds of electronic devices and other materials that can be used for cheating in the examination are found on your desk or in the drawer of your desk during an examination ;
3. Start answering before approval or continue to write after the 'Stop working' announcement by the invigilator ;
4. Trying to communicate with people inside or outside the examination centre by any means during the examination ;
5. Copying information from the notes, books or other electronic devices during the examination ;
6. Cheating or breach of examination regulations ;
7. Assisting others in cheating (the punishment is the same as the person(s) who cheat(s)) ;
8. Leaving early without the consent of an invigilator ;
9. Failing to follow the instructions of an invigilator.

(E) Use of Calculators

1. Calculators brought into the examination room are subject to inspection.
2. Calculators used in examinations must be battery-powered, silent in operation, with no print-out or graphic/word-display facilities and do not use dot-matrix technology in the main display. (It is acceptable if this mode is only used for displaying the programme but not for showing the result of the calculation.)
3. The calculators must have been pad-printed with the 'H.K.E.A.A. APPROVED' or a 'H.K.E.A. APPROVED' label.
4. The calculator cover/jacket cannot contain any paper.
5. No assistance can be expected from the invigilators should your calculator fail to function properly for any reasons and no allowance will be given for any mistakes arising from calculator malfunctions.

(F) Weighting of Annual Assessment Score：

	Uniform Test	**Continuous Assessments**	**Examination**	**Term Total Score**	**Annual Weighting**
	100	100	100	100	100
First Term	20%	30%	50%	100%	40%
Second Term	20%	30%	50%	100%	60%
